

BRITool RATCHETING SCREWDRIVER SET

£47, Britool, 01922 702200, www.britool.com

THIS 35-PIECE 1/4in screwdriver set is ideal for detail jobs such as re-fitting interior trim. It includes six hex-head bits from 3mm to 8mm and a 1/4in hex-head/square-drive adapter, three slotted bits from 4mm to 7mm, three Pozidriv and three Phillips, seven Torx and seven tamper-proof Torx bits, plus four blades (one flexible) and a handle with bit holder in the end.

The plastic case and ratchet direction selector feel a little cheap, but otherwise it's well made with no slack in the ratchet mechanism. *Mike Goodbun*

There's a foreword from Jack Brabham, among others, and Tingle's demonstration of the restored Brabham BT24/2 at the 2001 Goodwood Festival of Speed is also included. A heart-warming and intimate account of a memorable racing life. *Graeme Hurst*
