## Leica Lino L360

Perfect levelling & aligning solutions

How do you align or level up on a job? By drawing tedious lines on the wall or on the floor?

The Leica Lino L360 projects laser lines quickly, accurately and further by increasing the working range to 360°.

You do not need to turn the device to transfer reference points from one side to the other. The proven Power Range Technology™ ensures outstanding line visibility.

This combination makes the Lino L360 a valuable partner for installers and allows perfect levelling and alignment.

For further information, please contact us below.
